HOUSING PROGRAM FOR BAY CITY OUTLINED

San Francisco—"Substantial solution to the Japtown slum-town clearance problem was reported by the National Housing Agency.

Home Use Director Don Kirby told Mayor Lapham that programmed housing in the former Japanese residential areas, plus units already constructed, will be sufficient to care for all evictees ordered to move out. At present 13,500 Negroes live in Japtown area, compared to 6500 Japanese in 1940. Total of 488 housing units are expected to be completed in 90 days in the ex-Japanese resident area.

Total of 694 families in Japtown are eligible for public housing. For some 290 additional housing units to be erected there, $750,000 will be requested.

Poston's Jinx Block Hit By Another Fire

Poston, Arizona—Jinx block—Block 202 in Unit II suffered the third fire within six months, last Thursday. This time the storehouse was destroyed. In two previous fires, Barracks 1, 2, 3, 4, 7 and 8 were destroyed.

PASTOR WILLING BUT CLERK IS UNWILLING

Little Rock, Ark.—County Clerk Louis Mashburn on July 8 refused to issue a marriage license to Yeita Sakeian Sasaki and Mrs. E. W. Everest, New York.

Meanwhile, it was reported, mandamus action may be brought in Circuit Court by the attorney for Sasaki, J. A. Flotner, in an effort to force issuance of the license. An issei, Sasaki was granted divorce from his wife in Japan, Tome Sasaki, by Chancellor Dodge a few days earlier. Sasaki claimed he had not lived with his wife for more than 30 years. He came to Arkansas four months ago to establish a residence in order to be eligible for divorce under the 90-day Arkansas law.

Rev. W. B. Slack of Winfield M. E. Church said he would be willing to marry the couple.

"There is no law against the marriage in Arkansas," Chief Deputy Prosecutor B. R. Bogard advised Mashburn. "However, the country clerk has the right to use his own discretion in granting marriage license."

MORE JAPANESE-AMERICANS REFUSE DRAFT INDUCTION

Cheyenne, Wyoming—U.S. District Attorney Carl L. Sackett said today he had received information that 11 more Japanese Americans at Heart Mountain relocation Center are delinquent with their Park county draft board at Powell.

The men were ordered to report on June 5 and 11, but refused to do so until their "citizenship rights have been restored." No charges have been filed against the 11 nisei.

Kansas City, Kans.—Two former residents of Manzanar, Cal., were recently apprehended by the military police at Junction City and held in jail for 26 hours for failing to show proper selective service cards. Evacuees are warned to have their draft papers in order when they relocate.

WAR CORRESPONDENT FLAILS EVACUEES

Rockford, Illinois—Bruce Thomas, war correspondent and lecturer, reportedly conceded in his recent address before the Rotary Club that the nisei cannot be deported under the Constitution of this country. They are citizens of the United States as much as any person whose ancestors arrived on the Mayflower.

Every single Japanese, he said, is at heart a patriot of Nippon and an ancestor worshipper.

"We wonder how he would explain the FBI-certified loyalty of thousands of nisei an dthe brave participation in the American armed forces of hundreds of men of Japanese de-

Protection Measure Required

San Francisco—A number of residents at Tule Lake, as result of threats against their lives, have been removed from the residence area as "measure of protection," the WRA here has declared.

Meanwhile all cooperative stores were closed last week on the day of the funeral service for the late Yaohitomi, a stabbing victim. All-ground tension was reported manifested at the segregation center. At the same time, Yoshio Miyagawa was sentenced at Tule Lake on a charge of selling hand-made knives to camp residents.

Senator Is Unopposed

Sen. Elbert Thomas, D., was unopposed in Tuesday's primary election in Utah and won his contest on the basis of nearly complete returns, reports disclosed yesterday.

In the November general election, he will confront Adam Bennion, former utilities executive, it was expected. Meanwhile, Gov. Herbet W. Maw clinched his nomination as Democratic candidate when State Senator Stanley N. Childs conceded the election. He has confronted, among other matters, the rise of sporadic racial discords in his state with the resettlement of Japanese American evacuees. Some 1715 Japanese reside there now.

Thomas has long been a friend of the Japanese Americans in his utterances and acts.

...cent," commented the Rockford Register-Republic.

Deny Impairment To Rights Bill

New York City—Describing as "most catastrophic" of the problems arising directly out of war controls, the exclusion from the Pacific Coast persons of Japanese American ancestry and their detention in relocation center sis among cases reviewed in the Civil Liberties Union's annual report released July 9.

The CLU last week took to the Los Angeles court the cases of three nisei challenging the legality of military power to evacuate a group of U. S. citizens.

The pamphlet, however, asserts that three years of war have not essentially impaired the guarantees of the Bill of Rights. But the organization cited as "alarming" the increase of race tensions affecting Japanese, Negroes, and Jews. The union listed as one of the gains of the past year, the repeal of the Chinese Exclusion Act. The Japanese Exclusion Act still stands.

EXCLUSIONISTS' PLAN FAILURE

Sacramento—Japanese Exclusion Association has failed in its drive to secure the necessary 179,000 signatures to place an initiative measure on the California ballot in November to prohibit the ownership of California land and watercraft by persons of Japanese ancestry ineligible under the U. S. naturalization laws.

400 Volunteers Are Returning To Camp

Twin Falls, Idaho—For lack of available work in southern Idaho, 400 volunteer Japanese American farm workers, mostly from Poston, Ariz., at the War Food Administration migratory labor camps at Twin Falls, Rupert and Burley will leave the state by next week and will return nto war relocation camps, it was reported here.

Ernest Palmer, head of the WRA office at Twin Falls, said that anticipated contracts with Utah canneries have failed to materialize.

Refute Report That Nisei Is In Hospital

San Jose, Cal.—Charges of Chairman Joseph M. McKinnon of the Santa Clara county board of supervisors that a "Jap' is living in an "apartment" at the Santa Clara county hospital "off the fat of the land" were refuted this week.

Supervisor McKinnon had also declared that the person of Japanese ancestry in question, Teltero Hidaka, 23, had been trained as a technician but that other members of the hospital staff "would not work with him."

Bill's Revision May Be Prospect

Ottawa, Canada—Bill 135,, containing war service amendments to the Dominion Elections Act, has already received third reading in the House of Commons, but at least one section—Section 5—is expected to receive considerable searching criticism in the upper chamber of Parliament, possibly leading to a revision, it has been made evident this week.

Attention has been drawn to this section which has the effect of excluding citizens of Japanese origin from the right-to vote in federal elections, because they are disqualified on racial grounds from voting in British Columbia.

On The Other Hand

By Roy M. Takeno

When the President signed the amendment to the 1940 Nationality Act, permitting nisels on American soil to expatriate, thus providing a voluntary procedure, the act concluded a chapter in the once turbulent evacuee atmosphere in the relocation projects.

It originated with the WRA's paper-neat plan to separate evacuees loyal to the U. S. from those who profess allegiance to Japan. The hitch came when the first version of Question No. 28 lumped aliens and citizens together. The revised questions asked of the nisels whether they are loyal to their country; and of the isseis, whether they will obey the American laws, and eliminated the inapplicable loyalty question asked of the nisels.

But did this satisfy the evacuees? Not quite.

The disconcerted nisels objected to the questionnaire on the ground that the mere fact that they were asked the loyalty question, implied disloyalty; remembering that evacuation of them did not implicate disloyalty; but rather, "cooperation" and loyalty to their country by following the evacuation edict.

Present nisel segregants at Tule Lake, Cal., largely were sent there on the basis of their answer to Question 28.

The 1940 Nationality Act was designed, in part, not to remove citizenship from U. S. nationals in this country; but rather, to protect the citizenship of Americans abroad at the outset of the war. Many grateful Japanese Americans in the Orithey return to the U. S. now or ent will benefit from that act when after the war.

How evacuation has affected the lives of the nisei, their impressions, feelings and emotions behind barbed wire is written by Carey McWilliams in an article entitled, "The Nisei Speak," which appeared in the summer edition of the Common Ground publication.
