MONDAY, JUNE 19, 1944 | DENVER, COLORADO | VOLUME 11 - NUMBER 73

On The Other Hand

By Roy M. Takeno

Pursuit of pedagogy is anything but A-B-C, even under ideal circumstances.

Add the problem of confronting resentful community atmosphere and you have a well-nigh impasse on your hand. Caucasian teachers new to a community who do not confront some form of negative community sentiment generally is considered to be rare. A Japanese American proposing to follow this profession in an average small town community is beset, usually, with added problem of overcoming the racial angle.

Miss Tsune Noguchi is trying her wings at teaching. She has completed a term at a grammar school at West Rockland in northeastern Colorado. The community apparently has come to accept her. The pupils like her. The school board had canvassed the community views before hiring her.

Native of nearby Sterling, where her family resides, she is going to State Teachers College at Greeley to enter summer school before resuming the autumn term.

Her job? She is the school's principal, teacher of all elementary school subjects, and the school janitress.

Then there is Mike Nakamura, graduate of Colorado Agricultural College. JACL Field Secretary Joe Masaoka, who has just returned from the Iliff district in Northeastern Colorado, reports Mike as having been discharged by an elementary school at Sterling, where he originally had been engaged to do student teaching.

According to reports, certain elements in Sterling had decided not to accept Nakamura as a teacher. So he is back on his father's ranch—farming.

Farmers in the Iliff district are predominantly Russians, or those of Russian descent. Very tolerant, easy to get along with, say the 30 or so long-resident Japanese farmers there. Most of them engage in raising grain and sugar beets.

The Japanese farmers are a little apprehensive over the three-weeks to a month's delay in crop maturity. Adverse weather caused this delay—which will carry harvesting into late autumn. And that is not a desirable prospect.

WAREHOUSE DESTROYED

Topaz, Utah—About $5000 worth of property was destroyed last week when Warehouse No. 103 containing paint, electric and maintenance shops, burned down.

Governor Planning

Chicago — Contributions which minority groups have to make to communities in which they live was stressed by Vernon R. Kennedy, North Central Area Relocation Supervisor, in a talk given at Springfield, Ill., on June 9, 1944. Kennedy's discussion of "The Federal Government and American Citizens of Japanese Descent was a feature of the Illinois Inter-Racial Commission's conference on "American Democracy and Recial Minorities," one of the largest state gatherings ever held on the subject of minority groups.

At the request of Governor Dwight W. Green, each city of more than 5,000 population in Illinois was asked to name delegates to this state conference, with a view to setting up inter-racial committees in every sizeable community throughout the state. The success of the conference's program will mean much to the relocation program in Illinois.

Traveler Aid Group To Help

Emergency situations which evacuees may encounter while travelling from a relocation center to a point of relocation can often be solved with the help of local units of the Travelers Aid Society. This organization maintains service desks in railroad stations and bus terminals in many cities, which render prompt service to wartime travellers.

The local units of the society are also equipped to handle more serious problems. Special accomodations can be secured for aged or infirm travelers. Assistance can be given persons who lose their money or railroad tickets enroute. Medical attention can be provided for persons who become ill while travelling.

OKUDA WINS POINT

Salt Lake City—U. S. District Judge Tillman D. Johnson enjoined the city of Layton, Utah, on June 15 from denying business license to applicants who are of Japanese descent. Clarence Okuda had protested that he had been illegally denied a license in Layton because of his ancestry.

Her Heart And Mind American

Madison, Wisconsin — Under the title "Ruby Kubota, American Girl: Co-op Leader Is of Japanese Descent, But Her Heart and Mind are American," the Sunday issue of the Wisconsin State Journal on May 21 presented a guest editorial by the girl.

She was honored by fellow students when they elected her, a freshman, president of the Groves Women's Co-operative House, a rooming house for women students on the University of Wisconsin campus. Miss Kubota is studying journalism. In her spare time she swims and plays golf. This summer she is going home to Metaline Falls, to work in her father's store.

GRIPSHOLM'S SKIPPER TALKS OF PASSENGERS

New York City—Capt. Sigfrid master of the Swedish exchange ship Gripsholm, likes his job, which is shuttling his mercy ship between this country and neutral ports in Europe and Asia in exchange of nationals of the United Nations and the Axis.

It was last winter that his ship took out of this country and South America a group of Japanese repatriates.

"The exchange of passengers itself is the most thrilling part of the voyage," he says. "You see the emotions of the people then. The Japanese are poker faces on board and when they leave. In the spring of 1942 he came to New York to take the Gripsholm, which was tied up here, to Portugese East Africa for the first exchange with Japan. The round trip took until August of that year before her next trip to India.

DRAFTEES Contrabands

Salt Lake City—Lifting of contrabands against alien Italians recently does not mean that it applies also to the niseis, the Citizens League discloses.

The announcement used comment by U. S. District Attorney Dan B. Shields, who declared there is no change of regulation regarding niseis, who therefore, must not carry cameras, short wave radio, etc., in Washington, Oregon, Utah, Arizona, California, Nevada and Montana.

STIMSON'S LETTER

Washington, D. C.—Secretary of War Stimson's letter to California's Rep. John Z. Anderson, R., last week explained that any change in the present restrictions against the return of persons of Japanese descent will hinge entirely on changes in the military situation. Restrictions have not been relaxed, Stimson said.

REFUSAL TO REPORT

U. S. District Attorney Thomas J. Morrissey on Friday filed charges of refusal to report for pre-induction physical examination against Dix Takuro, 24; Fred Asai, 21; Joe Noriane, 22; and Terry Uyemoto, 27; all of Amache relocation center.

Distrust

In one of his articles written for the newspapers, setting forth what he believes the Republican Party should consider in their 1944 national platform, Wendell L. Willkie discusses his ideas concerning the Negroes.

The ex-Presidential candidate argues for elimination of state poll taxes and other arbitrary prohibitions against the free exercise of the voting franchise.

Willkie asserts that many Negroes distrust the Democratic party which deprives them of their right to vote in Atlanta while seeking his vote as the friend of his race in Harlem.

2nd Evacuation For Nipponese

Sandon, British Columbia—Families at this government camp have completed their applications, made to the British Columbia Security Commission, preparing them for a second evacuation.

Authorities said steady movement of families is expected but only one of all residents by the end of June, no one is doubtful. This camp has been in existence for over two years.

Respect

Japanese-American infantrymen from Hawaii proved that they rank with America's best fighting men, declared Sgt. Clarence E. Jones of Sioux City, Iowa twice wounded 442d Infantry Division doughboy who has just returned to the United States.

"I first saw the Japanese-Americans in action at Venafro on November 14, 1943," said Sergeant Jones. "My outfit crossed the river at night in support of a Japanese American battalion. At a crossroad we ran into heavy enemy machine gun fire. A platoon of Japanese-American infantrymen wiped out the Jerry machine gun nests so we could go through. Those boys were cool, courageous fighters, and they earned our respect."

Keep Your Trucks Rolling ODT Says

Because increased wartime demands make it more necessary than ever before that essential truck transportation be kept rolling, the Office of Defense Transportation again is emphasizing that it will assist in obtaining repair parts and tires for trucks. ODT District Manager Walter R. Pavela at Denver, said today.

Dies' Role

New York City—If we use undemocratic means to preserve our democracy, we, in the act of so doing, destroy that very democracy. This is one of the concluding observations by August R. Ogden in his book, "The Dies Committee."

The Japanese Americans especially [illegible] the most extinct committee [illegible] through its race-baiting [illegible] the dissenting reports upon [illegible] turned up by Rep. Fiorello H. LaGuardia of Pennsylvania.

The author observes that the Dies Committee might not to be continued. With the decision of Texas' Congressman Martin Dies not to run for re-election to effect this view has been discharged.

PROTECT

Provo, Utah—Full protection for all Japanese Americans working in Utah country was promised by municipal officials at a meeting held at Orem farm labor camp last week, following attacks by Hakusians on five niseis here.

Farmers in this area need 300 more evacuee workers this season to harvest fruit crops.

MAN DEAD

Tomoki Ogata, issei, was found dead Friday at a point between Lamar and Granada, according to a telephonic report to the WRA field office here from Project Director James G. Lindley of Granada.

Ogata had a persecution complex, according to the local authority's office, and had insisted he was being followed. He had gone to Montana on an indefinite leave from the project and then had drifted into Denver. He presumably was enroute to the camp.

Portable radio Repair. Have you had good radios in your radio burned out by radio men? You should know that there is only one expert in the country.
Radio tubes are still scarce. Have your radio repaired against tube burned and condenser trouble. Installed here by inventor-designer. Refrigerators, motors, all electric appliances.

米大統領の平和提案

四大國一（米英ソ支）に支配力過大と議會異論唱へて騒ぐ

小國に力過小＝と批判この一點に集注

（聯邦十六日）ローズベルト大統領は昨十五日戰後の世界平和維持策として次の如き提案を公表したが、本日の議會はこれを中心として騒々しい議論を展開しつゝある。ロ大統領の提案は次の如しと（一）全平和愛好國家を含む國際の設立を以て平和維持をなす。（二）代表機關は総會、理事會、常任事務局、司法裁判所、国際警察隊の六機關とする。（三）理事會は米ソ支英佛の五常任理事國と三年毎に選挙される三理事國とから成る。（四）理事會は侵略行爲防止の為各國に兵力を供等する。

右に對する各方面の批評の要點を挙げれば次の如しと

（一）提案中小國の代表は殆ど無力にして單に形式的に過ぎず、（二）四大國の一致協力は戰後の國際平和維持に必要なるも、ソ聯、支那四國の一致協力に依る統一的機構を以て世界平和を維持すべきものであるとの決定されたものである。（三）「國際警察隊」の設置は武力行使によるものであるとの決定されたものである。（四）代表機關は総會、理事會、常任事務局、司法裁判所、国際警察隊の六機關とする。（五）理事會は米ソ支英佛の五常任理事國と三年毎に選挙される三理事國とから成る。（六）理事會は侵略行爲防止の為各國に兵力を供等する。

支持した米ハムル国務長官は下院で、駐米英ソ中国の四国が米議会に対し形式的の提案を行ふ事は、国際連盟の失敗の原因となつた小国の不満を解消する為に、「大国間の一致協力」を強調する
