TO HOOD RIVER VALLEY RESETTLERS:

The War Relocation Authority has furnished a directory to the resettlers in the Portland area to serve as a guide for their assistance in the conduct of their normal activities after the W. R. A. has terminated its functions. Included in that directory was a list of attorneys in Portland who have specifically indicated their willingness to assist them in their solution of any legal problems in which they may be confronted.

It is not felt that such a directory is necessary for the resettlers in the Hood River Valley, but we do wish to give you the names of the following attorneys, both in Portland and The Dalles, Oregon, who have expressed a particular interest in your problems.
