Dear Dad and Mom,

This is to let you know that I got here just in time to register. I reached ~~Hood~~ River Eugene at 3:05 and came directly to the dorm. I called Binny and told him I had his money. He came over immediately and we went over to Mac Arthur Court together. My dinner was just about to close, but I caught her just in time to get her signature. Fortunately I was able to sign up for everything I wanted. I will try to do some real hard studying this term too.

Mary Ann and I have a new room mate this quarter. Her name is Doris Hanson. She is a junior majoring in Business Administration. She is a very nice, friendly girl. Last summer she traveled throughout Europe. She has brought a lot of her things to our room. So now we have a Cosmopolitan group in our room too.

Most of the girls returned to the dorm this term. But four 1 new ones are here.

I understand that there are over 2,000 students registered already. That is certainly a lot.

We listened to the basketball game tonight and were very glad to hear Oregon win the Coast Regional Championship. Now our team can go back East and play in the finals for the National title. If we win this game next Monday night, Oregon will be the national champion. That will certainly add to Oregon U's prestige.

So far classes have been rather light. But beginning tomorrow most of us have a full day. Mary Ann didn't do well in her grades last term, but I understand Doris is very smart. I like to aim high and sincerely hope I can make the honor roll sometime.

Please give my regards to Ohasen and Chan and to see the kids. How are the kittens? I suppose by now they have their eyes open.

I shall write again real soon.

With love,

Mimi
