Dear Homer & Miyuki,

This is the economy pack — Happy Birthday, Merry Christmas and Happy New Year. Wow! Thank you for tracking us down — apologize for being remiss on giving you travel dates because it does take advance planning — doing it trans pacific takes even longer. Sorry. Won't it be wonderful to take Mari on her first European Trip? Maybe she can help Gma & Gpa — Kevie shows me how to run their VCR and helps me remember where I put my bag.

Ken called to say DC was expecting 8.20" of snow. He plans to leave his cat at my house Mon. night when I come in and he leaves Tues for skiing in Colorado. Living in Calif certainly has its advantages.

Ty is picking us up to go to Little Tokyo for lunch — will be in touch.

Peace on Earth

Loving Thanks,

Yuka

May the New Year encircle us all with Good Health, Good Times and one another
