Mr. Perry M. Miyake, Pres.
Chicago Chapter, JAACL

Dear Perry:

Thank you for your letter of June 19. So far yours is the first correspondence received from any chapter indicating how they plan to conduct the survey. I hope you will have more success than we have had so far. It appears I may have to follow up with phone calls to ask members to please take this seriously.

I like your idea of a short summary of the topics. It is an excellent idea. As a matter of fact, I would appreciate a copy of it myself - if you don't mind.

Please extend my thanks to Jim Wazorick for taking on the additional work.

Best regards,

Bill

Bill Doi

Don't let the fact that your results will be a little late bother you. I have a feeling that a week or two more ~~more~~ won't make that much difference - and now that I've said that, I hope I am correct.
