Mr. Bill Doi

Dear Bill:

It was nice meeting you and making your acquaintance. And thanks for coming all the way to San Francisco for the meeting.

For some weeks before the meeting I wondered how we were going to resolve the "individual" vs the "trust" conflict that has been going on for years.

However, the problem suddenly resolved itself. I believe it can be attributed to the spirit of cooperation and compromise with which the representatives came. What is so nice is that the concepts of "individual" and "trust" are both retained.

I was both impressed and inspired by the quality people we have in the organization.

Since we will want to keep the JACL members informed on what is going on, enclosed please find copy of the report sent to the PC.

Sincerely yours,

Cliff
