Dear Min:

In hopes that the Chicago trip didn't wear you out, we thank you for your presence at the Chicago hearing.

I felt very good about Chicago hearing in both organization and content, however, it would have been good to have heard the opposition. In that respect all the hearings have been lacking except for isolated testimonies. We know the opposition is out there, and I am sure, in due course, they will make their voice heard.

Carol and I thank you for the dinner, and please convey our very best to True.

Most sincerely,

Bill Yoshino
