Dear Steve:

It was good seeing you at the board meeting in San Francisco last weekend. I think it's safe to say that the meeting was interesting.

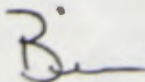

I want to thank you for the congressional correspondence from the various Nebraska members. I am enclosing our compilation of congressional remarks dating back a couple years. The abbreviations for the type of remarks are as follows: (WDC) represent the gist of meetings between congressional staff and our Washington office; (CON) represents the content of meetings between chapter members and their congressman; (LET) represents the important extracts of letters from members to their constituents.

Our purpose in compiling these remarks is to maintain as much of a status as possible on the congressmen enabling us to direct this information to the appropriate parties in the organization for action.

I would appreciate any future congressional correspondence as well as briefings from any meetings with your senators or reps. Encouraging others to do likewise would also be very helpful.

Best regards,

Sincerely,

Bill Yoshino
