Dear Min:

Thank you for your letter last month informing me of your upcoming travel plans. I am aware that you will be in St. Louis for their installation dinner towards the end of January. Unfortunately, I will be unable to attend.

Regarding the possibility of your coming to Chicago in late March en route to Boston -- let me see what I can arrange. Perhaps we can use the opportunity to do some LEC fundraising.

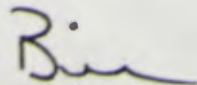

I am enclosing the most recent update of summaries of congressional correspondence of those members who did not cosponsor during the last session. This will give you some indication of what they are saying to their constituents. The last several comments are based on meetings between JACLers and the members.

I've made considerable progress with the computer and its capabilities for redress. I'm in the process of updating the information based on the election results. Additionally, I've set up the computer so that we can enter and retrieve information based on meetings between constituents and the member, between our Washington staff and the members, and as well, extract summaries of congressional correspondence.

I understand Jim Shimoura will be the guest speaker for the Denver installation dinner. I'm sure Jim will give an interesting presentation.

Carol and I offer our best in the new year to you and True.

Sincerely,

Bill Yoshino
