Prospect Avenue and Rodney Drive Los Angeles, California

ALLAN A. HUNTER,
MINISTER

4609 PROSPECT AVENUE MORNINGSIDE 1-2004

June 27

Dear Wendell

Thank you for letting me see these letters. It is good to know you were able to do so much and have such intimate contact with those Nisei and Issei. Mrs. Suzuki seems to be a lovely person...I do hope Mrs. Miller is beginning to feel better.- and that you yourself don't overdo to the point of lowering your resistance. But Goodness knows you appear to be healthy enough!

Those were nice youngsters at San Anselmo and it did me good to have that walk with you. The admission of Meulenberg that if Jesus had been a warmonger we wouldn't be in churches today,- that's a most significant clue to the fact that there is something deeper than we may think in ordinary men that vibrates secretly to uncompromising love of God that comes through Jesus.

Sincerely

Allan
