

Dear Walter and Michi San

June 3, 87

Supreme Court decision was very disappoint but we are not going to give up. I hope, we came this far and I know my age I might never see the day of final decision but I like to keep fighting for the future generation. One thing we gain is many newspaper and T.V. station they pick up the news so many American they know uproot the people from their home is not the domestic way to treat the people. I want thank you for the Bill Grossman past active record. He and Mike Masaka James Zakasato they are all alike. You can be or Mike Masaka clear conscience they can accept the medal from the Japan. I wrote to the Tokyo Mainichi reporter Yoshikida Kenji. These two men betray so many Japanese family because of them as J.A.C.L. leader so many women and child suffer needlessly. Japanese government honor them gave one of highest medal gave to the Nikkei in America that mean to us Nikkei in the United State shameful insult by Japanese government. I send the copy of the Mike's record also he have a book Keeper of Concentration Camp I send to him. That why Masaka involve anything very hard to believe he is sincerely doing for the people or for himself. I'll send you a copy of the Sen. Hayakawa a letter to me last year. Last year or from 5-6 years ago many Nikkei criticize his attitude toward the redress issue. I read him the letter Senator. Vote for you when you was candidate for U.S. Senate and when you was elected I was happy and proud for Nikkei please don't let us down and break our image here is my experience in wartime. Many Nikkei suffer badly. Please read and think before you express your opinion we want you as our friend. You have a warm hot weather please take care
