Hi love,

I'm sending ahead the stuff  
you can review no-a-vis "20/20".

I'm still looking for the stuff  
on the Santa Anita incident -  
recollections written by K. Noda.

I checked "The Great Betrayal". There's  
just stuff on the rebellion against  
camouflage meeting. Also, I was  
right about the Chinese being the  
most open in welcoming the Japs  
back to LA. Couldn't find the  
material on the mention of Mrs.  
Chiang Kai Shek. The mound of  
material I have to straighten out is  
formidable. Could use an intern,

Must call The W. Post. I hear  
the hearing is now to be on the  
22nd when the Judge will rule.  
Eve should call the Judge first.

A friend is one who knows you as you are,  
understands where you've been,  
accepts who you've become,  
and still, gently, invites you to grow.

(over)
