Dear Franke,

You have touched me to the core with your earnest desire to honor one so unworthy as me so extravagantly.

How deeply I appreciate all the hours of phone calls, letter-writing, the plannings, meetings and investigatory forays, the capoling of the half-hearted, the scripting and rescripting, the blood, sweat in tears, you have put into the friends of Michi' project, despite my no-no-no negotiarim. I know the depth's in breadth of your love and dedication.

Enclosed find just mere tokens of my deep deep appreciation - which is bottomless. Much love and happy happy holidays, especially to Don & Sam, Michi
