Dear Frank,

Just received your letter and meaty enclosures. And here I am, all aglow, writing in response. For a non-letter writer, it breaks all record. A sure sign of a "fan" - feeling honored and beholden, I guess. Most of my friends are lucky to hear from me once a year. But you're rather special, needless to say, since Shosuke spilled it all ...

Am presently drownded in the Tedium of writing these once-a-year missives, so please forgive this 3-minute quickie. I quickly scrounged. The enclosed are a few goodies to get started with. I'll keep my eyes open for others. Yes, we need you to clobber that demonic Custer, to throw off the <sup>onus of</sup> guilt, the shame, the humiliation. My gratitude,  
Michi

P.S. Have been receiving vast amounts of  
clippings from friends regarding the Camp Harmony  
pilgrimage, and I must heartily congratulate  
you for being the mystic mainspring behind  
the splendid idea. (Will ABC-TV be ~~carry~~<sup>showing</sup> the  
coverage soon?) Your grandiose vision of a  
Pacific Coast Takeover for redress also sounds grand.

Just an explanatory comment: The enclosed  
Accepted Part from the special JACL writers conference  
gave rise to the assault on the Manzanar JACL  
representative Fred Toyama on his return - which  
led to the mass riot. This is my only copy  
so do kindly return.

Cheers... and best wishes to you - also to  
Shosuke, David Ishii, Dr. Masuda and Henry Miyatake.
