

Dear Frank, Sept 19/91

Am going crazy trying
to find tentative list of
addresses I got together
- address of people to
whom I'd like to have
you mail ~~me~~ autographed
copies of "The Big American"

While I look, I
thought you'd be interested

in reading Rap report
on Nobri's discussion
on Lin Report, In a
day or so, will send
follow up column which
reports writer's conversation
with Deborah Lin. Rap
comes late to NYC, ~~but~~
William says Jana Monji
has done fine job. I

William says he tried
calling you. Love, hugs, Mike
