Dear Mr. & Mrs. Thomas,

How are you all! After receiving your daughter's letter, we all were disappointed to hear that grand mother past away on September 1.st I feel sorry that Laura's uncle past away last month too. It must be a very shock to you all. After reading the newspaper, that she observed her 91st birthday two days before her death.

For the last two week the weather has been cool, just like the California climate. But since yesterday the cold north

wind begin to blow. Look
like we have to have the
stove burning if it get
any colder.

My garden have come out
very good. had a nice zinnia
flower, but the aster didn't grow
good. The tomato and chili
pepper is growing good.

Isuyoshi is in the seventh
grade now. He is now studying very
hard now. He's taking Judo,
Japanese wrestling and ~~is~~ his
body is getting big.

Well I better ~~be~~ close
this letter here. Goodbye

Your friend
Usui Juno

P.S. Thank you very much for
the paper. Enjoyed reading ^{it}
