Dear Mr. Iwata:

Your letter of April 18, 1942, was certainly accepted with sincerity and was appreciated.

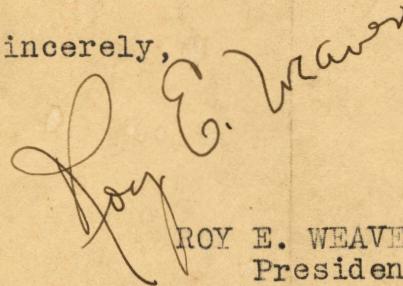

It is difficult to comment on the conditions which exist at the present time. We have always felt that your group were a distinct asset to this Community--you have always cooperated in every way. We have considered our customers from among your members as our best, and we will definitely feel it a "real loss" while you are away. We can only hope that the period of time will be short.

If we can be, at any time, of service to you, please do not hesitate to call upon us; and we will surely be looking forward to the time when everything will again be functioning in a normal manner, and when your members will be a part of our Community.

We have every confidence in you as good American Citizens and wish to take this opportunity to thank each and everyone of you for the business you have given this bank and for your good faith in us; we sincerely hope we will have the opportunity to serve you for many years to come.

Our best wishes to you for a "Happy and Peaceful Future".

Sincerely,

REW:EMB
