Dear Mr. Johnson,

Although I wrote to the Evacuee Property Department of the Federal Reserve Bank in San Francisco yesterday, I understand from Mr. Canfield of Modesto that I should have approached you relative to offering our Social Hall located at 526 Center Street, Turlock, as a government storage place for properties of Turlock district's evacuating people as you have the authority to make any negotiations for such places in behalf of the government.

As I related to you verbally on March 24th, we would like to lease the Hall in order that we may derive income to defray the normal and natural expenses that accrue in the maintenance of this Hall. Normal expenses have run in the neighborhood of \$400. per annum.

If you are authorized to close any deal, will you kindly drop me a note in order that I may go to your office to arrange details.

Anxiously awaiting your favorable reply, I am

Yours truly,

T. Iwata, president of
