Dear Mr. High:

Transmitted herewith the following forms:

- 5 form 57 (one with oath executed. answers to questions 1, 2 and 3 have been omitted.)
- 1 form 124 b (ready for appointing officer's signature.)
- 1 form 2390 (completed.)

Forms 8 and 47 are being held until time for completion.

Please note also my change of address from 2640 Warring Street, Berkeley, to Apartment 4, 501 Wesley Avenue, Oakland, California.

Because of the unusualness of the teaching situation, I am at a loss as to what to bring with me in the way of such materials as bedding and other personal equipment. Could you please advise me concerning this matter?

Should there be any material of information I could get for you from the University of California, I will be very glad to do so, for I will be spending much time there until I receive my definite appointment.

I am very anxious to get started on my new duties for I feel there is some truly worthwhile work to be done.

Thank you.

Very truly yours,
H. Bentley Wells
