From: Leon C. High
Principal, Secondary School
Department of Education
Community Services Division

To: Mr. H. Bentley Wells
Apartment 4
501 Wesley Avenue
Oakland, California

Subject: Teaching position

Dear Mr. Wells:

This is to let you know, first, that your papers have been forwarded for final approval.

In the second place, I shall attempt to answer the questions you asked. So far as the things to bring with you is concerned, as I recall you are planning to come alone, I suggest that for the present you travel as lightly as possible due to the housing problem. This would mean bring merely your personal clothing, etc., sheets, pillow cases and blankets. If you found that conditions warranted, you could have additional things you wanted sent to you later.

Regarding the assistance you might render at the University, we will let you know if anything develops. At the present time, I can not think of anything you could do.

Sincerely yours,
Roy Nash
Project Director
