

Tokyo, Japan

Dear Sue,

Just received your letter today - thought for a while that you had forgotten me. Congratulations on your graduation from the great University of Fort Snelling. I knew you'd pull through with flying colors. - I hope you had a swell farewell.

ATIS now occupies the N.Y.K. Line Building in the Marunouchi district. We have quite a set-up here - no more K.P. for me - the natives do all our work. It's much better than the set-up in the states.

Saw Mas Horieki the other day - his station at Kamagaya, about 100 miles north of here. He seems to be doing all right. I certainly hope I get a good assignment. I'm supposedly alerted now so I guess I'll soon be leaving Tokyo.

To you, Sue, (especially you) and to the rest of the gang -

P.S. I saw Major Rusch - or rather Lt Colonel Rusch the other day. He certainly seems happy to be here. He took me to Church here in Tokyo - but since the service was conducted in Japanese, I didn't get a thing out of it.
