

Saturday -

Dear Sue,

Your sweet card and delicious candy arrived the day before yesterday, and I was much impressed by your thoughtfulness. I'm at long last becoming used to saying "Captain Howell".

We often think of you three, and we still miss you a great deal. Time has flown, and I'm afraid that I'm behind on the news about you — due to my own fault, but I do hope you're happy with your work.

Frankly, I wish we could have you back with us.

Many thanks for your
thoughtfulness —

Sincerely —

Heidi L. Howell
