Dear Sue;
Hi Bass! Here I am again thought
you'd get rid of me for 12 days! I was
glad to see you Sunday it sure was nice
of you to come, oh well I'll tell you all
about it when I see you. I received alot
of nice wedding gifts & when the other
guys in the office come down to see them
you will see them then so I won't bother
to list them. See, everything is wonderful
so far & we both are enjoying married
life. He seems to like it (P.S. maybe it's
because I havent done any cooking for
him as yet.) We just reached the Camp
Monday afternoon & traveling on the train
was awful, it was too crowded, I guess
it's about 110 miles from Boston. It sure
has been nice here today it was really
nice & warm. We went boat riding, &
I guess I really cant call it swimming
as I was only in the water for a few
minutes. The food here is wonderful &
plenty of it. It sure does seem good not
to be working for a change. Now that you've
seen my boyfriend what am I saying I mean
(my husband) what do you think about him,

that's one thing I'll ask you when I get
back. We can dance here, that is in a
room as large as the Civilian Personnel
Office lady's room, no kidding but we are
having a good time together. Well I guess I've
told you about all for now until I see
you later, take it easy! Will you see
Monday the 10th, if we don't forget to
come back!!!!!!!!!!!!

P.S.
File everything that
is important in
File # 13, the green
one on the floor near
my desk!!!!
(only kidding!)

I see you then!
(Mr. Nolet)!
Alice
