

Friday

Dear Sue:-

It's been a long time since I've written you; but I've been "up to our ears" over our move. It's very exciting for Monterey sounds wonderful - but the mechanics of the move are very tiring. Capt Wiener and I expect to drive out by way of Yellowstone Park, Spokane, Seattle, etc! - It will be a regular tour.

Alice was in to see me in her wonderful "civics" - she looked very chee - ky. I've done written that they are at base ends. All three are awaiting news on Tokyo which I hope will come through

sorry.

Shirley has been writing very informative letters from Tokyo and all have enjoyed them. They seem to be having such exciting experiences. I'm almost jealous.

Shirley left her tennis racket here, and I've been keeping it for her until she let me know what she wanted done with it. She has asked me to send it to you, thinks you might enjoy using it. So I'll get it off one of these days when I can get some suitable packing material.

How is everyone doing now that you've moved to Washington?

I've been somewhat disappointed at
not hearing from the girls more
often. I suppose you all have
been busy moving and all - but
I really would like to have a
letter or two.

With the civilian situation
what it is, I think you were
wise to volunteer to stay in for
a while. I made a quick trip
home to see my family before
going to the west coast - and
behind me, it's heartbreaking trying
to get anything - clothes, food, etc.
It is especially difficult on the
west coast.

Would you write soon and
give me the news -
Sincerely
Walter
