very interesting
immensely. The
were very quiet also,
at a little gym. Christmas and
New Years were both working
days without even an extended
lunch hour.

You mentioned being with
Betty again and I think it's just
grand. I know how thrilled I was to
see ^{one} of my Daytona friends when I
first reported to Deben. What about
Chris? Where is she? I haven't heard from
her in months.

Since last writing, the remnants
of 1111 moved back here with us
and I sure was glad to see them.
May is the Supply Sgt here now and
I hope I can hang on to her altho
she is eligible and is having some
trouble at home. The few old-timers
left have gotten some good
promotions. The latest to come

They have been along, Sarah Gullett
and Bonnie Price to Staff Sgt.
Cheney and her husband have
taken over the Motor Pool. She took
Okie's job and is cracking the whip
in her own unique fashion!

Your work sounds fascinating
but I bet it's awfully tough.
Maybe you can get a similar job
when you leave the service with
USO or aren't you interested?
I don't know what I want to do
but soon I'll be forced to make
up my mind. The Pgh Syphilis
Control Program doesn't necessarily
depend on me for its future success!
Anyhow I don't want to go back
there.

All for now
