

Sue. Honey-Child.

They tell me you are conspired to  
your quarters because you wouldn't  
behave!! What funny rulings  
they have.

I'm sorry I didn't get to  
say good bye to you - I looked  
around for you this noon thinking  
I'd like to take you to lunch.  
but even that plan was foiled.

If I should drop  
in at Denver within the next  
5 years, will look you up.

Golly. hawin I gonna get in

touch with you -

Thanks a lot for taking  
care of me when I first came  
here. I was really lost in  
the forest (and a part) of  
strangers.

Keep smiling. Sue,

As ever,
