

Quarters 122 D  
4<sup>th</sup> Stevens, Mass.

Dear Sue -

Larry & I haven't written in reply to your swell March letter, but I've been on fur & now have changed jobs again. I'm back at the old place as 1<sup>st</sup>/Sgt & having quite a time getting squared away - don't know anybody hardly.

Not much time now, but I'm so anxious for some information you may be able to give me. I want some dope about Washington & imagine you may have moved there by now.

You see, Stevens is closing 30 June, & I want to seek a trip to D. C., rather than run the risk of being shipped to Dix to work in the Sep. Ctr. there. Too, Larry can get a good job in Wash. in his own line - photo-engraving.

So, if you're there, please let me know as soon as convenient, where you're living, what its like, & if it looks as tho there might, at some time, be a chance for non-com's quarters on the Post for me — should there ever be vacancies. Naturally, Larry & I want to continue living together.

Went as far down as Philly on my furlough, & if I'd know about Devens closing then, I'd have gone to Wash. myself to look things over.

Will try & write a real letter upon receipt of your reply. If you haven't moved yet, maybe you know something, anyway — or someone who does live at Ft Meyer or some similar installation. Even a crumb of information would be appreciated.

Maybe I'll see you in about sixty days! Sincerely,  
Cheney
