

Civilian Personnel Office

4 November 1944

Dear Sue,

Just a little note to say that I have enjoyed working with you and having you with me. I may have said alot of things to you but it has all been in fun.

Yesterday when you came down and told me the bad news it seemed so hard to believe, but I suppose I should have expected it to come sooner or later. I just forgot about you being in the Service and it seemed as though I would have you here with me always.

Last night my mother

came down with the kiddo and I told her about you having to leave, she also felt badly as she expected to be able to see you again. Warren + I had alot of fun w/out the kid, I only wish I had one that big.

I hope that you will correspond w/ me, and I will answer all your letters. But, remember you write first because of having my address.

I've learnt my lesson about taking a liking to a "Wai" or anyone in service, it doesn't pay because sooner or later you have to lose them. I know that I will never become too friendly w/ another because it

only means parting sooner or later.

I am intending to send you a snap-shot of Warren & I on the day we were married so you can keep it & remember us by it.

It was such a short notice about you leaving I haven't had a chance to get you anything but as soon as I receive your new address. I will remember you.

Well Sue, once again it has been swell having you work with me, and even if I was your laborer at times it's all been fun.

So, I'll bring this little note to a close & I want

to wish you all the luck
in your new career,

Let's hope we will
see each other again, who
knows maybe we might.

So the Best of Luck,
Health & Happiness.

So - Long
Love Alice
