To Whom It May Concern:

Subject: Hatsuno (Hatty) Okine

The bearer of this letter of recommendation has worked under my supervision for a period of several months. I unhesitatingly recommend her for any clerical position.

While employed in the Evacuee Personnel Section of the Rohwer Relocation Center, Miss Okine had the responsibility of interviewing and determining the qualifications of applicants for evacuee position ranging from janitorial to administrative jobs and positions. It was soon learned that her judgement in both the applicants and job to be done was unquestionable. Consequently, her services were invaluable.

Without reservation it is a pleasure to recommend such a person to anyone desiring a loyal, trustworthy and enthusiastic worker.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ed Bethune".
