Dear

Rocky,

Writing to you to let  
you know that I have received  
your beautiful valentine card  
and I wish to  
thank you for being so  
kind.

It is everyone back  
I hope every body is  
in good condition. At the  
time I received your valentine  
card I was in the hospital  
with acute tonsillitis. Before  
going into the hospital that  
is for three days before I  
could not eat a thing because  
my throat hurt so much.  
I had a sick call and  
was sent in hospital and  
had to stay in there two  
weeks. They gave me 45  
penicillin shots in my arms  
but really healed my
