Dear Mrs Okine:

Kindly accept our sincere appreciation in behalf of the Shonien Board of Directors for your contribution to our Building Fund Drive. The worthy support you have given to our community project to help unfortunate children will certainly draw us closer toward our goal of \$25,000.

When the Shonien can again care for homeless children, we believe all of us who have served will share a measure of reward for our efforts. Toward that end, the Board with the cooperation of welfare minded people like you, is doing its utmost.

With kindest regards, may we look forward to your continued interest in helping this community program for needy children.

Most sincerely yours,

Nobu T. Kawai
