Was your income \$500 or more? If so, you must file an income tax return either on a Withholding Receipt or on Form 1040.

Was your income under \$500? If so, file a return to get a refund of tax withheld. A married couple should file a combined return to get full benefit of exemptions.

Deductions: If you file your return on a Withholding Receipt, the Government will figure your tax from a tax table provided by law, which allows about 10% of your total income for charitable contributions, interest, taxes, casualty losses, medical expenses, and miscellaneous items. In order to claim deductions of more than 10%, you must file your return on Form 1040.

To file a Withholding Receipt as your return, fill out both sides of the ORIGINAL, sign, and mail to Collector of Internal Revenue, your district, between Jan. 1 and Mar. 15, 1945. Keep the duplicate.

If you got more than one receipt for income tax withheld during 1944 (Form W-2 or Form W-2, Rev.), fill out and sign the last one received and attach the others to it. If filing a combined return, attach receipts of both husband and wife. If any receipt is missing and you cannot obtain a copy from your employer, make your return on Form 1040. Write here the total number of receipts you file, including the one used as your return.

Make no payment now, but wait for bill or refund from Collector.
