Dear Max

I had received your recent letter and am thanking it for him.

Thank to the Red Cross about Dependency Benefits. We won't be able to do any until you send us the applicants copy telling us the "Degree of dependency (percent)" that's the main thing they want to know. also to No. 7 question: How much money, if any, did the enlisted man contribute MONTHLY to the person named in paragraph 2 (Dad, Mom, & Betty) for the year ~~before~~ before his entry into the service?

former occupation (before entry into Ser.)	his monthly earnings	his contribution for his room and board (per month)	other money he contributes (per month)
Laborer	72.00	\$50.00	5.00

~~unsettled~~

This means postage, amusements etc.

72.00		60.00
\$80.00	\$40.00	70.00
		\$30.00

No. 8 question: What other contributions did the selected man make during that year in the form of goods or labor?

Description of Service	Estimated value for one year
But none. Labor.	\$500 \$500.00
