Dear Mary:

This is to acknowledge receipt of your letter of Marcy 26, 1982 with the enclosed checks of \$25.00 each, and to thank you for your very kind words.

I sincerely appreciate your generous contributions to the JACL Redress fund and to the lobbying arm of JACL. Yours is the first donation we have received towards the establishment of the lobbying arm, and I thank you most gratefully for your support.

As you state in your letter, the Redress effort is important for all of us, but especially for the future generations of Japanese Americans. I agree with you that we have a proud legacy to hand down to our children, and it's my hope that we will succeed with the effort so that our children can be free of the stigma with which we have had to live for forty years as a result of the Evacuation.

The Redress effort survives in JACL only because of the generosity of the membership since we receive no funding except from donations. Your kind consideration and support are therefore very much appreciated.

With thanks and warm regards,

Sincerely,

John Tateishi
Redress Director
