- A. Complaints: "When do we get our next pay-checks?"  
"When do we get partitions for our apartments?"  
seems to be the general cry these days.

## VII. MISCELLANEOUS: None

## VIII. MANAGER'S NOTES

I have been hearing for the last few days, many complaints from the residents of this block about our delayed advances. A few of the residents came to the office and advised the manager that it should be taken care of at once. I believe that such matters as these, trivial as they seem, should be taken care of immediately as I feel that it would prevent many radical plans from forming.
