VIII. MANAGER'S NOTES

207 Mess Hall is evidently not listed in any class where food delivery is concerned. The Mess Hall crew complains that many foodstuffs delivered to other Mess Halls has not been delivered here. Food delivery during the latter part of this month has been very poor.

The meat brought in yesterday was too dirty to cook and I requested the meat inspector, Mr. Shintaku, to inspect it. He cut off at least three pounds of the outer portion which was unfit for consumption.
