VI. REMARKS

- A. Complaints: Quicker results are desired by the resident where improvement in housing is concerned.

VII. MISCELLANEOUS

- A. Parcel post delivery

VIII. MANAGER'S NOTES: Chairs for school children, and rub-

bish boxes on each end of the block are two problems which the residents and the block staff are trying vainly to solve.

Decent lumber for the construction of the mentioned articles is extremely scarce..

Any orders such as those issued concerning chairs and rubbish boxes should be accompanied by adequate materials.

The Block Gardeners, too, should be provided with equipment instead of having to check in hoes, rakes, etc., every evening to the Block Manager's office.
