- E. Old Men's softball league and Junior League schedules were received from the Recreation Department.

VI. REMARKS: None

VII. MISCELLANEOUS

- A. Parcel Post delivery

### VIII. MANAGER' NOTES

I am of the opinion that we should have some sort of periodical distributed at least to every barrack without charge.

The small sum of 30 cents per month may seem insignificant to those people who can afford it, but to those who have large families, or those who are in financial difficulties, even that small sum is too great to justify the purchase of the paper.

I feel that if they must sell the paper, then they should deliver at least one copy to the Mess Hall or to the Managers' offices or both, to allow the people who cannot afford to buy them, to keep informed of the progress made within their own community.
