VIII. MANAGER'S NOTES

We were informed that all parcel post packages coming into Poston would be inspected. I firmly believe that this is just another waste of time.

(over)

And the confiscation of many of the articles that heretofore was not considered contraband has embittered the minds of many people. Such resentment, if left to grow, will result in serious trouble.

We sorely need what little we are able to purchase with the cash advances that we are now receiving, and to have these hard-earned articles taken from us, I believe is very unfair.

An adjustment at an early date is badly needed.

Respectfully submitted,

May Sabatyn, Clerk. 207
