## VIII. MANAGER'S NOTES

The last few weeks were spent in talking of nothing but the County Fair. At last the great day had arrived.

The affair to us was very successful. The exhibits were especially well made. It gave many people an opportunity to meet friends whom we have not seen in many years.

I think affairs such as this should be held more frequently; alternating the affairs in the three units. This will give the mothers who could not go to the other camps an opportunity to get out.

Also, many people receive new ideas on gardening, woodwork, needlework, arts, etc. It means improving a great many things.

Respectfully submitted,
