

RELOCATION SET

San Diego Group To Lead Exodus Wednesday

The complete evacuation of the Santa Anita assembly center will begin Wednesday (Aug. 26) when a contingent of approximately 600 persons will leave by train for the Colorado River relocation project at Parker, Arizona.

An additional group of 600 evacuees will leave for the same destination on Thursday (Aug. 27).

These two groups will be made up of families evacuated to Santa Anita from San Diego city.

Vol. I, No. 36 Santa Anita, California August 22, 1942

Five Points

MANAGER WILBUR'S STATEMENT QUOTED

"As Santa Anita residents prepare to move into War Relocation Authority Relocation projects commencing next Wednesday, there are several points which I would like to make clear," Center Manager Gene W. Wilbur said yesterday in a statement to the PACEMAKER.

He listed five points as follows:

1. Orders directing the transfer of evacuees from assembly centers to various relocation projects are issued by the Army just the same as they were in the original evacuation.

2. The Center Management has no jurisdiction in deciding when or where transfers are to be effected. It is our duty-- as it is yours-- to obey Army orders.

3. Transportation orders received from the Army indicate by family number those individuals to be moved and to what particular location. After we receive the orders it will be impossible to make any changes.

4. Announcements as to dates of moves and places

(Continued on page 2)

PAYCHECKS

Paychecks will follow residents to wherever they may be relocated, announced Henry E. Scofield, Finance division head, yesterday.

Workers will receive credit for all scheduled hours worked up to the day of departure, it was emphasized by Director Scofield.

Gift Offerings Hit by Ruling

Residents are reminded of the following section in the Interior Security regulations for assembly centers:

"No evacuee shall make, or offer to make, any payment in money or other thing of value to any member of or employee of the Center staff, the interior security police or the military police for any act or omission on this part or as a simple gratuity."

PACKING INSTRUCTIONS GIVEN BY CENTER HEAD

Belongings of Center residents to be transported to relocation centers will be classified as hand luggage, baggage and freight, said Center Manager Gene W. Wilbur Friday in disclosing packing instructions.

The interior guard will inspect all baggage and freight before shipment and upon arrival at the destination.

Hand luggage includes articles of personal use needed on the train trip, such as small hand bags and suit cases. Since all hand luggage must be car-

The family numbers included are:

100 to 140 inclusive
4001 to 4272 inclusive.

Throughout the evacuation, the management said yesterday, family numbers issued by the United States Employment service at the time of original evacuation will be used. Local identification numbers used in the Center will not apply to this relocation transfer.

The second movement announced by the Army involves approximately 3450 residents who will be transferred to the Heart Mountain relocation project at Vocation, Wyoming near Cody. This exodus will commence Sunday (Aug. 30).

Trains carrying about 600 persons will leave on each alternate day thereafter until the movement of this group has been completed.

This group of 3450 residents will be made up of the families of evacuees from Santa Clara county, the city of San Jose and portions of the city of Los Angeles.

Following are the series
(Continued on page 2)

ried by the evacuee from the time he leaves his barrack until his arrival in his new home, it should be held to a minimum.

Baggage consists of bedding, a limited supply of clothing and personal belongings that will be needed in the first few days after arrival at the new center. The limit for this classification is 100 lbs. or 20 cubic feet for each adult and 50 lbs. or 10 cubic feet for each child. Baggage should be tagged and stacked neatly in the

(Continued on page 4)

Center Bank Closes Tuesday

Because of the state-wide election on Tuesday, the Center bank office will be closed that day, announced R. L. Walker, manager of the Santa Anita branch, yesterday.

To make up for the lost day, however, the office will be open Friday as well as Wednesday and Thursday. As in the past the hours are 9:15 a.m. to 3 p.m., it was stated.

Relocation Commences

(Continued from page 1) of family numbers (US Employment service numbers) involved in the movement. These numbers are inclusive:

2588 to 2687
3116 to 3150
5169 to 5200
5600 to 5700
9080 to 9100
9642 to 9700
9701 to 9921
9922 to 9979
10501 to 10536
17801 to 17900
18301 to 18400
31901 to 32512

Present plans for the evacuation of the San Diego group call for the train leaving Wednesday immediately following the evening meal.

A box lunch will be supplied each person and special formula and supplemental feeding will be given infants and small children.

The train will include two pullmans where berths will be supplied mothers with infants, old persons and those requiring special care. A United States Public health doctor and two nurses will accompany each train.

Details of further evacuations will be published in the PACEMAKER as soon as released by the Army in San Francisco.

MONITORS TO AID IN EVACUATION PROCEDURE

Monitors will be selected for each group of 45 or more persons leaving the Center for a relocation center, announced Center Manager Gene W. Wilbur yesterday.

It will be the duty of the monitors to see that their groups are organized and checked through for the whole evacuation procedure.

Information regarding shipping, crating, packing and tagging of luggage will be supplied by monitors. Tags will be obtained by monitors for members of their groups. Monitors will check all freight baggage for proper crating and tagging.

Change of address forms will be distributed by the monitors for postal purposes.

On the first visit to each family, monitors will obtain names of persons in the following classifications: bed-ridden, infants under two years of age, infants wearing diapers, expectant mothers whose pregnancy has passed seven months, expectant mothers whose pregnancy is less than seven months but who have complications, babies on formula feeding, persons lame or crippled.

The foregoing informa-

tion is for the purpose of determining what parties should have Pullman transportation.

Final checking will be made by the monitors to see that all packing is completed, all government property turned in and that all orders have been carried out.

All government property including blankets, mattresses and beds must be returned.

Knives, forks, spoons and other table utensils should be returned to the mess halls as they constitute non-expendable government property.

Barracks must be left clean, floors swept and windows washed. All papers or cardboards on walls must be taken down and piled in one corner of the unit. Trash will be collected and disposed of in trash containers.

Troop of the Month Contest Honors Won by Troop 27

Troop 27 triumphed in the Center's first Troop of the Month contest, Scout headquarters revealed yesterday. The winners obtained 68 new members and accumulated 264½ hours of community service credit for a total of 105,050 points.

Second place in the contest went to Troop 60 with 100,400 points. They marked up 223 hours of community service and recruited 72 new members.

Third place Troop 30 trailed with 8600 points.

Officers of Troop 27 are Yo Morishita, scoutmaster; Mas Yoshimine, assistant scoutmaster; Jesse Tanaka, senior patrol leader; Michio Tanaka, scribe, and Minoru Tonai, Koson Kuroda,

Takahiro Takada and Akira Takeyama, patrol leaders.

Troop 60 are Chuji Sowa, scoutmaster; Hiromi Take-toshi and George Yaki, assistant scoutmasters; James Matsumoto and Tamio Kitano, junior assistant scoutmasters; Mas Taketoshi, Harry Kitano, Tak Kubota, Peter Matsumoto and Kaz Takei, senior patrol leaders, and Choji Matsushita, George Gyotoku, Frank Gyotoku, Mas Nagemoto, Paul Kagyama and Jack Kitahara, patrol leaders.

CENTER MANAGER WILBUR MAKES STATEMENT

(Continued from page 1) to which groups are to be sent, will be made by the Center management immediately upon authorization from the Army in San Francisco to release such in-

formation.

5. When you arrive at relocation projects, the jurisdiction of the Army will cease. Projects are operated by the War Relocation authority and the only

part the Army will play is in protective policing outside the area.

"I am counting upon your full and complete cooperation during the busy days ahead," Wilbur concluded.

Feminine

By Asami Kawachi

Our gratitude for friends on the outside is intensified as we read the letter of the month in last week's Saturday Evening Post. The writer, Mrs. Claire Sprague is a teacher at French Camp school in San Joaquin county. She writes in part:

"The beds and bedding get an enthusiastic response from the Japanese boys who write repeatedly that they are sleeping on Army cots with Army blankets, just like the American soldiers."

As for the rest of her pupils left in Stockton, she says:

"Today they are spending all their spare time in the fields, doing their best to help salvage this year's crops. And oddly enough, they have been using a small part of their earnings to send candy, gum, and so forth to their Japanese classmates at assembly centers."

"Yes! All this could only happen in America!"

Santa Anita women are making chic lapel pieces of crocheted hats, booties, purses and other souvenirs of life here as gifts for their friends who write and visit and remember.

Mothers will be happy to know that the first 25 high chairs, made to be set on benches, are ready. They will go to the Orange mess, but other dining halls will be supplied as quickly as the chairs are completed by the Utility carpenters.

Mrs. Lily Sasaki suggests we have a Sears Roebuck wardrobe dance pretty soon. Perhaps this would be a good time to exchange notes on sizes with each other.

At the Red mess-Commissary social, Spike England saw a woman wearing a beautiful, expensive-looking pink cannellia. He stared at it so much that her husband apologized and ex-

STUDENT RELOCATION

Three To Leave; More Interviewed

Three Center residents will probably leave Monday for Parkville, Missouri, to attend Park college, it was disclosed yesterday by the administration.

The students are Toki Kumai, 10-2 8th street; Take-toshi Peter Mori, 41-0 1st avenue, and William Yamamoto, 12-6 2nd street.

Forty-six college students were interviewed by National Student Relocation Council representatives yesterday, the director of the Service division said.

Infant Care

Adequate facilities for the care of bottle-fed infants will accompany each movement, it was reported yesterday by the administration.

Mothers of bottle-fed babies will be provided with prepared formulas on the train.

Paper diapers will be provided mothers who have children wearing diapers.

A small supply of canned baby vegetables and fruits will be supplied on each train movement and will be available for mothers.

The 20 graduate and 26 undergraduate students were interviewed by Fay Allan of the UCLA YWCA and Mrs. Elizabeth Payne of the SC Graduate School of Social Work.

Others will be interviewed at a later date and will be notified as soon as the new list comes, the director said.

Ration Books

Those holding sugar ration books are asked to turn them in to William H. Barber, Supply and Warehouse superintendent, at Room 055 in the Grandstand as soon as possible.

Social Activities in Center

Ballroom and ondo dancing competed at the Red mess-Commissary dance Tuesday at the Recreation hall. Cha shu and nigiri meshi varied with ham sandwiches, potato chips, cakes, cookies and punch.

Huge white roses made of turnips and small pink roses made from small radishes by Red mess cooks served as decorations.

Those who contributed to the success of the affair were Masao Oshiki, Toshi Uchigoshi, Chiyo and Hana Saito, Teru Hirai, George Yamauchi, John T. Saito, Dr. George Yamada, George Kobayashi, Alfred Tanaka, Jimmy Murakami, Amy Uno and Charles Gusulama.

Others who aided were Ray Moriwaki, Kana and Yo Nagara, Mary Shima, Lily Takeda, Hana Uno, Toshiko

plained, "This not real flower. I make him out of potato. Then I dye pink with food dye."

VITAL STATISTICS: Sorry, we have no babies in this issue. This will be one less thing to carry to the relocation center.

Nagata, Kiyo Sata, Grace Sumida, Haruko Fujita, Joe Yoshio Baba, Minoru Ito and Charles Layeda.

One of the Center's largest and best social affairs was the Blue-White mess dinner-dance Thursday evening in the Rec hall. Fried chicken, sandwiches, potato chips, cake, jello, oranges and grapes were served.

Mess hall girls all received gardenias and lilies of the valley corsages.

Those who deserve special recognition for their efforts in putting the affair across are Al Obayashi, general chairman, and his aides--Yuri Yamashita, Mike Nakaoka, Yaoko Matsui, Mas Shinatsu, Peggy Kanazawa, George Obayashi, Mr. Sato, Mrs. Teru Watanabe, Mrs. Ayako Shibuya, Kimi and Johnnie Aizawa, Sis Akiyama, Mr. Ichiki, Ben Matsumoto.

Roy Heishima, Leo Olu, Bill Obayashi, Takeyo Mizota, Emi Chinokuchi, Fred Suzukawa, Shag Okada, Mas Tawa, George Harada, Terry Akutagawa, George Kawamoto, Shinobu Aratani, Mas Yoshida, Harry Aratani, Saburo Nawa, Kazuo Sakaida and Soy Take-ichi.--by J. O.

Clothing Application To Be Completed by Middle of Week

Clothing applications should be completed by all Center residents by the middle of the week, the Service division said Friday. It was also revealed that half of the applications had been made by last night.

The orders, if not received here, will be forwarded to the WRA site,

the Service division director assured residents. To speed up the program, he cautioned them not to order in excess of the allowance.

Other delays may be caused by items on the order blank not on the approved list and failure to state sizes, colors and catalog numbers, it was stated.

Extra Freight To Be Refused

Residents are requested not to ship into the Center additional freight to accompany them to relocation centers.

The War Relocation authority has agreed to pay all costs for shipping household and personal effects of evacuees now in central storage outside of assembly centers to the relocation centers where they are sent.

It will be necessary to refuse additional baggage at the front gate, except in emergency cases approved in advance by the administrative office.

Removal of All Woodwork Asked

All shelving and wood work constructed in the barracks should be removed by the Center residents before leaving, according to William R. Towle, Utility chief, yesterday.

Army regulations require barracks to be left in the same condition as when first occupied. This includes removal of wall paper and other forms of decoration.

Towle suggests that box wood, crating and miscellaneous lumber used in shelving be utilized to construct crates for packing freight.

LOST-FOUND ITEMS LISTED

A list of items which are being held at the Lost and Found department was released Friday by Guy E. Wilkinson, Personnel Relations officer.

Losers of articles are asked to claim their valuables before being transferred to relocation centers. The Lost and Found department is at 21 Jabot avenue.

The list:

Jewelry, glasses, wallets, purses, tobacco pouches, bibles, clothes pins, soap cases, towels, bedding, baby clothes, hats, sweaters, slacks, blouses, sweat-shirts, shirts, jeans and denims, dresses, jackets, coats, caps, aprons, belts, thermos bottle, gloves, baseball gloves, neckerchiefs.

Canteen Stock Replenished

Supplies in the canteens will be maintained until the end, it was stated by the administration yesterday.

The regular canteen articles will continue to be placed in stock, it was said.

While supplies will be bought in smaller quantities, purchases will be more frequent.

Coupon books are good only within the Center and should be used up before departure to a relocation center since they are not refundable.

Baggage Rules

(Continued from page 1)
apartment until further orders are issued for its disposal.

All other belongings will be considered freight, and should be securely packed or crated and properly tagged. Warehouse Superintendent William H. Barber must then be informed so that the freight may be inspected before final crating and bundling.

After all other baggage has been loaded on the train, the freight will be picked up by warehouse trucks to be shipped after the departure of the evacuee train.

Sixteen Pass Cooking Tests

Twelve Scouts passed the first class cooking test and four more passed the second class test, according to Scout examiners who released results yesterday.

Public Health Personnel Staff

Mrs. Bernice Agar, who served as Public Health nurse at the Center, returned to her former position with the Metropolitan Life Insurance Co. Friday.

Mrs. Agar is to be replaced by Mrs. Phyllis Grady, head of Public Health at the Pomona center, on Monday.

As a farewell gesture, the nurses' aides trained by Mrs. Agar honored her at a party Wednesday--by Anna Sakaizawa.

Minoru Tonai, Akira Takeyama, Kenneth Miura, Manabu Minami, Henry Ishino, Willie Iwaki, Eddie Kato, Takeshi Shishima, Sumiya Nakai, Toshio Kawasaki, Hiro Hashiro and Donald Hasuike passed the first class test.

Those who passed the second class test were Yuji Kobayashi, Ichiro Kamei, Katashi Shiroishi and Choji Matsushita.

Shig Inamura and Chuji Sowa were in charge of arrangements, Hiromi Take-toshi took charge of testing arrangements while food for the test was secured by Iwao Oyama and Yo Morishita.

BIRTHDAY PARTY MONDAY

Kimiko Kozake's violin solo, "Cavatina," was the main entertainment at the 15th birthday of Shizue O-suga Monday evening at her home, 32-4 Rosemont avenue.

Shizue was hostess to June Kitagawa, Kazue Niede, Kimiko Kozaki, Lillian Naruse, Alice Sano, Betty Wakamatsu, May Koga and Anna Sakaizawa.
