Mr. Dallas C. McLaren, Principal
Poston Two School
Colorado River Relocation Center
Poston, Arizona

My dear Mr. McLaren:

Your letter of August 11th was awaiting my return from vacation. May I thank you very kindly for sending me the explanation of "Core Studies" and also the outline of the four years' work in the high school. Your description confirms our impression of what "Core Studies" meant.

Wayne University has enrolled a number of students from the Poston High School, and without citing specific cases may I say that we have been well pleased with the work which they have accomplished. At some future time, I should like to send you a summary of the work accomplished by the Japanese American students here at Wayne.

Very truly yours,

John R. Moseley
