OFFICE MEMORANDUM

TO: All Block Managers 2-13-43
FROM: Ted Nakamura, Central Comm. Chairman
SUBJECT: REGISTRATION

Many rumors have been reported to this office concerning registration. One of the most misleading information is that, if a registrant fills Registration Form 304--A, he is volunteering his services to the United States Army. This is an error. There are at the various central office throughout the center, at where the army representatives are stationed, a regular application form for voluntary induction. The form reads as follows:

COPY:

APPLICATION FOR VOLUNTARY INDUCTION

(Date application made)

I hereby apply for voluntary induction into the land or naval forces of the United States for training and service under the provisions of the Selective Training and Service Act of 1940, as amended. For this purpose, I waive all rights of personal appearance and appeal if I am classified as available for service, and I consent to my immediate induction at any time convenient to the Government.

I am _____ years of age. I was born _____

The entire program affords, by far, the finest opportunity that has come to the people of Japanese ancestry since the evacuation. We are sure that our National Director, Mr. Myer, is confident that this is the beginning step in a process which will gradually reduce the restrictions placed on the Japanese Americans.

With this realization, we are sure that we can count on your cooperation in this registration program. To do otherwise would not only be contrary to Government orders but against your own best interests.
