Mr. Dallas C. McLaren
Principal, Poston II Schools
Poston II, Arizona

Dear Mr. McLaren:

I received the \$100 today
and am sending you this
letter in receipt of it.
Thanks loads.

I am now quite well
settled in college life and
like it immensely. Having
no major yet, I am taking
a general course, trying to
fulfill as many requirements
for graduation as possible.

My roommate is from
Poston I - Haruko Chisaki -
a biological science major.
Also there are two boys from
Poston III - Kei Ozawa and
Yukio Kawamoto. It was like

being back in Boston again.
In all, there are nine issues
on the campus.

I was sorry to hear
that there is no journalism
class this year, but I hope
the students will carry on
with the paper. I know
that they could have a good
paper if they tried.

Thanks again for your
prompt attention, and I
hope this year will prove
to be just as fruitful and
more than the last.

Very sincerely,

Allen Cota
