Report of *Ellen Hida*

Grade enrolled:

First term *L7* Second term *H7*

194*1*-194 *2*

TO THE PARENTS:

The Course of Study for the Junior High School is prepared to meet the needs of the pupils as individuals as far as possible. It has not been long ago when only selected pupils reached Junior High School grades. Today all children must pass through these years. The work of the Junior High School takes into consideration the many individual differences among the pupils, and provides courses which will enable them to find themselves and prepare for the more specialized courses in the Senior High School. It is not a simple problem but an extremely important one to your child. Right here often is the turning point in his life's work. The burden should not be entirely shifted to the school. We need your help and your co-operation more than ever at this point in the training of your child.
