# POST CARD

Under the shadow of the lofty precipitous Sierra Madre Range lies beautiful San Gabriel Valley. The Valley contains about 100 square miles of territory, nearly all of which has been transformed from sterile desert into a succession of small homes and thriving little cities.

I DON'T KNOW WHAT  
ORANGE TREES  
HAVE TO DO WITH  
N.M. I'M SENDING  
PT FROM COH. ANYHOW.

JOE ORDO  
19-9-e  
POSTON, ARIZ.
