## The Knitting Club

JUST ASSIGNED PROJECT 8-5  
900 Mizu

The Knitting and Handwork Club have completed a number of articles this year including socks, mittens, sweaters, and scarfs. They enjoyed a Valentine Party at the home of their sponsor, Mrs. Griswold. There were about 10 ambitious members throughout the whole year.

## The Book Club

During the year, each member made a book report and review on many interesting books. Among the many interesting books were, "The Robe" and "The Rainbow".

They also studied methods for preserving books and magazines by putting them in attractive booklets. Illustrations and explanations on the use of the library and books were also given. Many of the members made posters on the book reviews.

A Christmas Party and a Valentine Party highlighted the social side in gala events.

## Marionette Club

The Marionette Club with a membership of 30 was supervised by Mrs. Mary C. Ballard. The members were divided into the following 7 committees:

- Marionette Construction
- Property
- Marionette Manipulation
- Selection of play materials
- Social
- Music
- Costume designing and making

The plays presented were:

- Little Red Riding Hood
- The Enchanted Princess
- The Wishing Fairy
- An Oriental Sketch

It was fine knowing you.

Sincerely  
ROGER  
TAMAKI

## Nature Club

The Nature Club has made a special study of birds, fishes, plants, trees, soil, crops, rainfalls, and all animals in this region.

They have made posters of wild life in its natural habitats; have studied methods and means of conserving our natural life. This work was concluded by making cartograph maps of things that could be studied in this section of the country.

The club has been on hikes and have collected many things of interest near this center.

The sponsor of this club is Mrs. Essie Jane Avery.

# WOODCRAFT CLUB

Under the well-managed sponsorship of Mr. James Kamita, the Girls Woodcraft Club was organized with approximately twenty-seven members. The industrious members worked diligently during the club period on every Friday. They have worked regardless of the heat and cold and have accomplished much work. Book ends, bag handles, photo-albums, autograph books, and scrapbooks are some of the articles which were made. Many of these articles were used as gifts on special occasion.

Sweater Girl

The "Sweater Girl" illustrated in every issue of the "ROAR" was originated by Haruko Arao, the Art editor. This character represents a typical Junior High School girl who is going to be in the ninth grade next semester. Activities of the school and special holidays such as Christmas have been celebrated in the "ROAR" with the "Sweater Girl".
