

Gentlemen:

I have enclosed completed forms and verifications as regards my pension credits.

I would appreciate your consideration of my time during wartime Japanese relocation. I had no choice at that time but to leave my home and go to a relocation center in Tule Lake, California and then later to Chicago, Illinois.

As regarding my military services: I was registered, entered service and was discharged through local board #21 in Marysville, California.

Thank you,

George H. Nakamura
