

8/30/44

Dear Jean -

The enclosed papers are very important.

Follow directions carefully.

First of all fill out the allotment application.

Am returning the marriage certificate and Plouin's birth papers - these must be made into photostatic copies and mailed together with the completed allotment papers to Office of Dependency Benefits
213 Washington St. Newark, N. J.

Make and send photostatic copies because they will not return any documents and you will have need for the originals later.

The emergency allotment that you were speaking of will reach you in about a week then the next check will take about 6 weeks from that date so you can budget accordingly.

Well, that's about all and am sure wishing that I can get that weekend pass.

We got our uniforms, helmet etc. today and I also mailed my civvies to you.

Will write more later.
Solong and lots of love to you both. Give Roxha a kiss for me.

Love -
George
